Press release

December 3rd, 2007

Mardenkro North America Ltd is pleased to announce the appointment of MGS Horticultural Inc., as the distributor of its products to the greenhouse vegetable industry in the USA starting as of today.

MGS Horticultural is a full service supplier of consumable goods to the North American greenhouse industry. Growers will find that MGS Horticultural is capable of meeting your technical and logistical requirements for our line of products.

More information on MGS Horticultural can be found on their website at www.mgshort.com
To order product or for questions please feel free to contact Huub Kemmere at MGS Horticultural.
